PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

RECENT OPERATIONS

By Paul Rardin

I WAS IN Washington over the week end where on Monday a group appeared before Harold Stuart, assistant secretary of the air force, in regard to activation of Morrison Field at West Palm Beach. Much persuasive testimony was presented to Mr. Stuart and today activation of the field is strictly in the hands of the military. This particular field could be activated a lot easier than other fields in the state since it has been kept in first class condition by the county commission.

A STRIKE of railroad switchmen was cause for our train not entering Washington, but, being dropped off at Alexandria where buses picked us up and took us into the nation's capital. It was in Alexandria that I met a famous and internationally known personality. Standing on the railroad platform with a massive overcoat around him, his black hair hanging over his collar and a big cigar protruding from his lips, it was unnecessary for me to see his shaggy eyebrows to know at once that it was John L. Lewis. When I first saw him he was waving goodbye to several members of his family who had just boarded a south-bound train. Having no idea of what kind of reception I might get, I barged over and introduced myself as a country newspaper editor from the Lake Okeechobee Region of Florida. His eyes flashed and momentarily I expected a quick brushoff as he is not too crazy about newsmen. Evidently I stressed the word "country" to his satisfaction and his face lit up and his remark was: "I hear it's as cold down there as it is here." I explained that we had just gone through an unusual cold spell. We passed the time of day and I made small talk—just enough to say that I had held a conversation with him. Just as I was preparing to propound a question that might have upset the gentleman the bus driver announced departure for Washington. I bid the gentleman adieu—leaving him with this thought in mind—"I don't see how a fellow can be so gracious and kind in an interview, yet, wield such an iron hand in industry even to the point of defying his own government."

On Monday our group appeared before Harold Stuart, assistant secretary of the air force, in the Pentagon Building. Can you imagine a country chap trying to find his way around in the Pentagon with its maze of corridors, ramps, bays and what not? To give you an idea of the size of the building 27,500 folks work there today. That's the official figure and it is a couple thousand higher than during World War II. Anyway, by use of maps posted on each floor I soon found my way round and wound up in the office I was seeking from the outset.

John Dulany Talks To Canal Point Lions

John A. Dulany, sales manager of the Lake Okeechobee Farmers Cooperative, was guest speaker at the dinner meeting of the Canal Point Lions Club Monday night. Introduced by Floyd Erickson, president of the Everglades Farm Bureau, the speaker explained the advantages the proposed commercial dock at Canal Point would have for this community.

President Lloyd Vorhees appointed Albert Fremd to represent the club on the Pahokee Chamber of Commerce. A. R. Harrington, zone chairman, gave a report on the Lions district cabinet meeting which he attended recently in Miami.

Foot Ball Squads Are Entertained

Pahokee and Belle Glade High football squads were guests of the Lions Clubs of the two cities at the annual Lions football banquet held at the Belle Glade Country Club on Thursday night of last week.

Guest speaker was coach Don Viller of Florida State University, Tallahassee, who gave a talk on football and scholarships at FSU and showed motion pictures of the FSU-Stetson game. Viller introduced Otto Graham of Cleveland, Ohio, outstanding quarterback and ball passer for the professional Cleveland Browns, who told how important it is for boys who play football to "keep in training" both on the field and off. Carroll McDonald of Belle Glade, a first stringer on the University of Florida eleven, was also a guest.

A football trophy, purchased jointly by the Pahokee, Belle Glade and Clewiston Lions Club, was presented to the Belle Glade Rams for having the best record of the three Glades teams for the 1950 season. End Bill Burke received the trophy for the Belle Glade team.

A spaghetti supper was served to approximately 200 persons. The banquet was followed by a dance.

Devil Basket Ball Squad To Delay

The Pahokee High Blue Devil basketball boys will travel to Delray Beach this Friday evening for a return game with the Seacrest Seahawks and tomorrow night, Feb. 10, they will play a double header with the Okeechobee Catfish in the local gym, the B prelude to start at 7:15 p. m.

Coach Bill Howard's Blue Devil A team won their third victory of the season on the local court Tuesday night of this week when they downed the Clewiston Tigers, 62-42, with Carney Wilder and Ronnie May sharing high score honors, each tossing 19 points during the evening. This win gives the A team a 2-6 record for the season to date. Coach Jim Maynor's B team also were able to score an easy victory over the baby Tigers to the tune of 39-17, giving the B team a 6-3 record to date.

Founding Of Canal Point PTA Group Observed Monday

Members of the Canal Point Parent-Teacher Association observed the 21st anniversary of the founding of their organization with a special Founders Day program in the school auditorium Monday night, with Mrs. Pope Sears, president, presiding. Rev. Earl J. Jones gave the invocation.

Floyd Erickson, program chairman, introduced a PTA cast who presented a playlet, "Deep Are the Roots."

Mrs. Ross Winne of Chosen, first president of the Canal Point Parent-Teacher Association when it was organized 21 years ago, was a guest of honor. She was presented with a sweetheart rose corsage by Mrs. G. Lawton Sims who served as first secretary for the Canal Point PTA while Mrs. Winne was president. The two lighted 21 candles on a birthday cake.

A. R. Harrington read a resolution in memoriam to the late James B. Cox, former principal of the Canal Point School, who died recently at his home in West Palm Beach. The group voted to send a copy of the resolution to Mrs. Cox. The monthly attendance banner was won by Mrs. Billie Huddle's fourth grade room.

During the social hour which followed the meeting refreshments were served by Mrs. Earl J. Jones, Mrs. W. C. Young, Mrs. O. H. Sheppard and Mrs. J. P. Parker.

Action On Field Is In Hands Military

Re-activation of Morrison Field in West Palm Beach is strictly in the hands of the military. This was learned by a group from Palm Beach county appearing in Washington Monday before the assistant secretary of the air force.

The Palm Beach county group presented testimony before Harold Stuart, assistant secretary of the air force, in which it was pointed out that Morrison Field is in "first class shape" for the military to activate.

Senator George Smathers, Congressman Dwight Rogers and Ralph Davis, executive secretary to Senator Holland, joined the Palm Beach county group for the interview in the Pentagon building Monday morning.

Represented at the meeting were the following groups: Palm Beach County Commission, City of West Palm Beach, WPB Chamber of Commerce, Resources Development Board, City of Lake Worth, Merchants Division of the WPB Chamber of Commerce, Palm Beach County Labor Council.

During a recent visit to Hialeah, English Jockey Tommy Gosling—who rides Winston Churchill's horses—stepped on the scales and sent the arrow soaring to 139. Up piped one American jockey, "What do they race over there: elephants?" Tommy rode last summer at 114.

Hunger Is One Reason For Cattle Deaths, Says Agent.

Bo Pugh Seriously Hurt In Car Mishap

H. H. (Bo) Pugh, brother of Mrs. Violet Hall, Mrs. A. R. Chastain, Melvin and Dorsey Pugh was in an automobile accident this week at DeFuniak Springs, Florida. He is at the Walton County Hospital in DeFuniak. Doctors there report his condition serious. He is suffering from shock and cuts on the face, a broken arm and five broken ribs, one of which pierced his right lung causing it to collapse. The extent of his internal injuries is not known. He will have to remain in the hospital for at least six weeks more.

FFA Sweetheart To Be Crowned Tonite

The crowning of the FFA Sweetheart for 1951 will take place at 10 p. m. this Friday night at the big annual dance of high school students which the Pahokee Chapter, Future Farmers of America, is giving in the Elks Hall.

The contest for the choosing of the Sweetheart from among the five candidates, the Misses Janette Mathis, Donna Jo Spooner, Eleanor Walker, Lovda Williams and Billie Nell Stokes, closes promptly at 6 p. m. this evening and no votes received after that hour will be counted.

The presentation of the Sweetheart's crown will be made by Mrs. Betty Jean Connell, the 1950 chapter sweetheart, with Franklin Howell acting as master of ceremonies.

A hill-billy motif will be featured in decorations. Music for square, round and other forms of dancing will be furnished by Howard Lights and his Southern Playboys of West Palm Beach. There will be special entertainment by arrangements of the FFA boys and admission and refreshments will be free to all students.

Band Will Present Concert On Sunday

The Pahokee High School Band will present its second concert of the winter season in the high school auditorium Sunday afternoon, Feb. 18, according to Bandmaster Robert O. Lampi.

The Band will also take part in the Gladioli Festival at Delray Beach on Feb. 26 and in the Palm Beach County Exposition in West Palm Beach on Feb. 25, Mr. Lampi said.

A 28-page free booklet full of helpful hints for fishermen has been published by the B. F. Gladding Co., entitled "Successful Fishing in 1951." It will be sent free on request to B. F. Gladding Co., Inc., South Otselec, N. Y.

Absence of none-too-good pastures in the fall, bad weather in November, and continuing bad weather with frosts, caused the cattle deaths in this part of Florida last last week when chilling rains drove before sweeping cold breezes.

That was the conclusion voiced by M. U. Mounts, Palm Beach County agricultural agent.

He said that the cattle were suffering from lack of feed; that they were wet and too cold to forage. They stood there hungry, milled about, got down, and were trampled to death.

He declared that native pasture grasses are none too good at any time, and that it was his opinion that these poor pastures had left the cattle ill prepared for cold weather. Certainly, he said, they didn't freeze to death.

Palm Beach County, he said, may lose the lead gained in 1940 and 1945 as the nation's chief vegetable producing county with the advent of diversified farming, largely in the form of cattle growing, gaining high prominence.

OKEECHOBEE — Veterinarians with state agencies studying the death of cattle in this area concluded Wednesday that there were no grasses here that might have set up prussic acid poison as some have suspected, according to Dr. T. W. Brown with the Florida state livestock sanitary board.

Dr. Brown with Dr. D. A. Sander and Dr. Charles Simpson of the state experiment station at Gainesville, spent the last two days inspecting the disaster area.

Many cattle are suffering from pneumonia but most of the cattle that were unable to get up after the freezing rains last Friday night either died, or have recovered, they said.

"Many of the ranchers that we talked with said that if they had realized what was happening they would have kept their cattle moving or driven them to protected areas. Had this been done the losses would have been negligible," Dr. Brown concluded.

The veterinary medical men agreed with Weatherman Grady Norton that the cold rain robbed the animals of body heat and a steady wind maintained an evaporating process, chilling them below the freezing point although the outside temperature was only in the middle 30s.

Most ranchers who have open improved pastures are planning to plant trees for windbreaks and others who are clearing lands are convinced that it will be necessary to leave the cabbage palm hammocks.

The traffic to see the famed Borden family, Elsie, Elmer and Beauregard, at the Florida State Fair at Tampa, which closes February 10, has been so heavy at times that two lines of spectators have been formed in order that everyone may have a chance to see this exhibit, which is among the best attended at the Fair.

News Notes From State Capital

TALLAHASSEE—Efforts of juvenile court authorities to smoke out the facts behind state welfare support of illegitimate children failed here, when a spokesman for the welfare board said all such matters must be handled in confidence. Judge Walter H. Beckham of the Dade County Juvenile court asked why mothers who seek support for illegitimate children are not prosecuted for immorality. He added that he wished the federal government "would stop trying to repeal the Ten Commandments." Welfare workers said illegitimate children get about 12 per cent of funds allotted to dependent mothers.

TALLAHASSEE—State Treasurer Ed Larson, who doubles as state insurance commissioner, has ordered five public hearings in various parts of the state on the proposed new insurance code of laws, before it is submitted in final form to the 1951 legislature. The code was worked out by a committee headed by State Senator Henry S. Baynard of St. Petersburg, and would remove conflicts in present laws.

TALLAHASSEE—Chairman Alfred A. McKethan announced the state road department will receive bids here February 15 for 15 road and bridge projects in 17 counties of Florida. These include Broward, Dade, Marion, Lake, Hillsborough, Pinellas, Walton, St. Lucie, Martin, Palm Beach, Orange, Duval, Alachua, Bay, Okaloosa and Hernando.

TALLAHASSEE—The Duchess of Windsor praised the Tallahassee shops and the Duke spoke in favor of the Leon county hunting as the famous pair ended a 10-day stay at the magnificent Horseshoe Plantation as guests of Mrs. George F. Baker, Sr. This is the third winter they have come here. The Duke has played the local golf course frequently, is a fair hand at the shooting. He will resume his work on his memoirs when they return to New York.

TALLAHASSEE—Florida Children's Commission charged here that only "fear" keeps the state

from opening the partly built female correctional institution, of Forest Hill, near Ocala, to negro girl prisoners.

The Commission observed they believed the partly completed "marble palace" is kept closed through fear of public criticism if negro girls were better housed than white delinquents in another Marion county institution. Florida has no place now to confine negro female delinquents.

TALLAHASSEE—A three-judge federal court here has under advisement a request from the Atlantic Coast Line railroad to make the state railroad commission allow it to cut passenger train service between Lakeland and Clewiston. Lewis W. Petteway, general counsel for the commission, moved to dismiss the action on the ground the railroad has not been injured. The railroad wants to limit passenger service to three trains weekly on the grounds of losing money, but declined to reveal freight earnings on the same line.

TALLAHASSEE—Attorney General Richard W. Ervin this week gave his official opinion on the following general subjects:

TB—Tuberculosis patient financially able must pay his own expenses for treatment, not make it county expense.

CORPORATION—Filing fee for proposed corporation cannot be refunded, although incorporation was not completed.

COUNTY—Compensation to county tax collectors and assessors are in addition to fees for certain specific services.

TALLAHASSEE—Governor Fuller Warren called for continued support of his highway safety program. He reported that deaths in January from highway accidents were 68 this year, 79 a year ago. He praised the highway patrol, Florida Citizen's Safety Council and other safety groups.

To aid food buyers of America, the Grocery Manufacturers of America, Inc., has just issued a buying guide on the use of new and economical food products entitled "3-Easy Steps."

A. Q. Howell, Jr., Is In Korean Waters

Amedicus Q. Howell, Jr., boilerman, second class, USN, of Canal Point, is serving aboard the USS Charles S. Sperry in Korean waters.

The high speed destroyer is engaged in escorting troop transports supply ships and warships to the Korean theater, making strikes on enemy shore installations and patrolling the waters adjoining Korea to prevent North Korean Communists from reinforcing and supplying their ground troops from the sea.

The Sperry operates with United Nations ships from Great Britain, Canada, Australia, New Zealand, France, the Netherlands and the Republic of Korea.

President Andrew Jackson first authorized U. S. Marines to serve with the Army during the South-east Indian Wars of 1836.

From where I sit ... by Joe Marsh

Blue Wins This "Hunt"

Cappy Miller's coon dogs—except for one of them, Old Blue—are about the finest hounds in the county. Blue's too friendly and easy-going to care much about hunting. He doesn't act the way we think a good dog should, so we figured he'd never amount to much.

But a fellow comes around Saturday looking for a good dog to photograph for some advertising. And the dog he picks is Blue! Says Blue's happy, friendly face is just the one to attract people's attention. So Cappy gets more money for that picture than his other

dogs will ever take in hunt prizes. From where I sit, that should teach us not to look down on humans, when they act differently than we think they should. For instance, maybe you think tea goes best with food. O.K.—but don't size up wrong the man who enjoys a bottle of beer at mealtime.

Like Blue, I guess we're all "different" in one way or another—but that doesn't mean we don't have our good points, too!

Joe Marsh

NOW YOU'RE TALKING, FLORIDA

...with 2 telephones for every 1 you had in 1945!

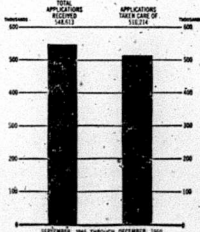

Placing a large telephone cable underground

5-Year Telephone Growth
Equal to Previous
67 Years

We've Taken Care of

94%

of all applications for service received in Florida since the end of World War II

Imagine Florida's telephone system growing as much in the past five years as it did in the previous 67 years! In some respects it beat that—telephones doubled, long distance circuits doubled, rural telephones more than tripled.

In the last five years Southern Bell has built more than \$105,000,000 worth of new facilities to improve and expand Florida's telephone service. To keep up with continued growth, rapid construction will have to continue for years to come.

This will take a lot of new capital. The money paid by our customers goes to pay wages, upkeep, taxes and other costs of operation and not to pay for new plant. The money for new plant is secured through the sale of our stocks and bonds to people who have money to invest and who can be persuaded to put it in our business rather than in some other business.

That makes it important to Florida to have a financially healthy telephone company—one capable of paying its costs of operation and earning enough to make it worthwhile for people to invest their savings in the telephone business.

A. B. DOOLEY, Florida Manager

THE RECORD IN FLORIDA

- 518,214 applications for telephones taken care of.
- 53 new buildings or building additions completed.
- Long Distance circuits doubled—time for completing the average Long Distance connection reduced to about 2 minutes.

SOUTHERN BELL TELEPHONE AND TELEGRAPH COMPANY

Originators of Homogenized Milk
Containing "NATURAL" Vitamin

ALFAR

456 Flamingo Phone 7175
West Palm Beach, Fla.

Phone Company Brought Growth Of System To Florida

In the short time of five years since the end of World War Two, the Southern Bell Telephone Company has brought telephone growth to Florida that in many respects is greater than the previous 67 years of telephone progress.

On January 1, 1946, the Company had an investment of \$56,203,233 in Florida. Five years later, as 1951 gets under way, Southern Bell's investment in its far-flung operations throughout Florida totals \$135,000,000.

Here are some of the yardsticks by which the improvement and expansion of Southern Bell's service to Florida can be measured:

In Florida homes and offices, 457,114 telephones are in service today, nearly double the number five years ago, Florida Manager A. B. Dooley revealed.

Never in history has Southern Bell received anything like the 548,000 applications for service that have been received at its Florida exchange in slightly over five years. Of this staggering total, an equally impressive figure of 518,000 applications had been taken care of through the end of 1950.

In fact, in the past five years, which has seen Florida's greatest population development, the telephone growth has been even greater—population growth has been 30 percent, telephone growth 9 1/2 percent.

Employees who serve the people of Florida through the vast network of telephone facilities from one end of the state to the other now number 6,440. The Florida payroll of this one company alone, \$9,273,000 for the year 1945, totaled \$19,000,000 in 1950.

The Company has increased the number of long distance circuits leading out of its Florida exchange from 963 at the beginning of 1946 to 2,173 today—more than double.

And so on down the line goes a long list of telephone improvements that Southern Bell has brought to Florida. All this could only be done through installing new facilities, Mr. Dooley pointed out. In the five years, 1946-1950, Southern Bell has built new facilities for service improvement and expansion in Florida amounting to \$21,000,000 per year, which is 5 times the 1936-1939 prewar average. The 1945-1950 total spent for new construction exceeds \$105,000,000, the State Manager said.

Pahokee has shared to a large degree in this telephone construction program, Mr. Reddy, district manager stated. Telephones in service have increased from 418 to 853, an increase of 104 percent.

Many major construction projects have been carried out in the area since World War Two, including an addition to the central office building, installation of additional dialing equipment, many extensions of cables and lines, and the unlimited dial service, or "free" toll service, to Belle Glade at a cost of nearly \$150,000. Among other projects is the buried cable to Belle Glade which was provided at a cost of over \$97,000. In addition, a toll cable was buried from West Palm Beach to Belle Glade—a distance of nearly 40 miles—at a cost of \$379,000. This toll cable serves Pahokee as well as Belle Glade.

State Manager Dooley revealed that "the postwar demands for more and more telephone service in Florida continued heavy throughout 1950, and are continuing extremely heavy in 1951 due to military, defense production and related activity piled on top of all the other activity that has characterized Florida since the war."

Mr. Dooley continued: "The Southern Bell Company is pushing forward with progress right now, and is eager to keep it up so to meet the full telephone needs of the state, including whatever the requirements may be to keep the state strong for defense."

Meeting the needs in Florida.

Lottie Moon Circle Has New Member

Mrs. Ivy DuBose was welcomed as a new member and Mrs. Price Burdshaw, as a re-instated member of the Lottie Moon Circle, First Baptist Church, at a meeting at the home of Mrs. J. C. Mock Monday afternoon, with Mrs. L. W. Mullis, chairman, presiding.

Mrs. Stella Mullis was in charge of the mission study of "Partnership With Christ" and Mrs. L. W. Mullis gave the devotionals.

Mrs. W. H. Key announced the enlisting of new and old members will be the community mission project for February and Mrs. W. A. Stevens, Jr., announced plans for a royal service program on Feb. 19. The group decided to leave all coupons for the benefit of the Baptist Children's Home in a depositary at the Hometown Bakery.

Cinematic Chatter

By Malcolm Millar

Lucious Lana Turner and her millionaire hubby, Bob Topping, head for Aspen, Colorado, this week to take in the winter sports. They'll join the Gary Coopers, who have a winter home in the thriving community and who rank among the first film folks to "discover" the now-popular resort. As soon as Gloria DeHaven completes her current role, she'll "train" out of the film capital on still another personal appearance junket. This upcoming trek will find the young actress entertaining film fans in fourteen cities across the country. Elizabeth Taylor and Nicky Hilton have sure called it quits.

But... the brunette beauty has been having quite dates with movie director Stanley Donen. However Hollywood gossip would have folks believe that Liz would like to rekindle an old romance with a wealthy ex-boy friend in our state of Florida. Don't be surprised if Audrey Totter, the honey blonde who's a honey of an actress, ties the wedding knot with Armand Deutsch, when his divorce from Benay Venuta becomes final. Miss Totter and Deutsch have been a constant twosome around film and for the past two months. See you at the movies—Mal.

New Amphibious Jeep Is Tried Out At Marineland

MARINELAND—A brand new jeep of a type equipped to operate under water up to their windshields to facilitate their use in amphibious operations was dunked in one of the large oceanariums here at Marine Studios on Monday during a test.

The jeep, one of the new M-33 models being produced for the Armed Forces, was picked at random from the Willys-Overland assembly line in Toledo and lowered into ten feet of water amongst sharks, porpoises and many other bewildered specimens living in this strange under-water community.

As scores of spectators, including Army officers, engineers and cameramen watched in amazement, a steel-helmeted diver climbed into the jeep, put it into gear and drove for about thirty feet across the sandy bottom of the oceanarium. He then put it into reverse and backed up. The operation was repeated many times and all the jeep's engine ran steadily for about an hour.

I. G. Hausmann, Willys engineer, said the demonstration was designed so that the jeep's under-water action could be observed and photographed.

Among the observers were state Adjutant General Mark W. Lance and other officers of the Florida National Guard.

will require huge sums of new capital to pay for additional telephone facilities, Mr. Dooley said. In order to improve its earnings to the level necessary to attract capital funds in the amount needed, Southern Bell has filed an application for increased rates in Florida.

Building Increase Shown By Power Company In Florida

This area showed a healthy increase in building activity during 1950, compared to 1949, P. P. deMoya, manager for Florida Power & Light Company, stated yesterday in disclosing figures for the past years.

"The number of new electric services connected is a reliable index to the number of new buildings completed," deMoya said. "During 1949, in our Glades district, we connected 252 new electric customers while during 1950 we connected 312, an increase of 24 per cent."

"Although 1949 was considered a year of unusually great construction activity, these figures indicate that 1950 was an even better year."

"We are very proud of the record achieved in our area. The number of buildings completed, including many new and attractive residences, indicates that the condition of our area is prosperous."

deMoya said the power company, in its current expansion and improvement program, has greatly increased its facilities to make the benefits of electric service available to Florida's growing population and to improve service. In the matter of lines alone, Florida Power & Light Company, during the past five years, extended its distribution and transmission lines from a total of 6,269 miles to 9,629 miles, an increase of 54 per cent.

Cancer Society Is Planning Crusade To Raise 1951 Funds

TAMPA—Jack Horsley of Miami has been named Chairman for Area 9 of the 1951 Educational and Fund Raising Crusade, which will be carried on during April by the American Cancer Society.

Announcement was made by Edward B. Root of Tampa, State Campaign Chairman.

Area 9 includes Palm Beach, Broward, Dade and Monroe counties.

Mr. Horsley, who is engaged in the general insurance business, has been active in civic and charitable organizations in Miami and the State. He has worked with the State Welfare Board, the Community Chest and the Children's Home Society. A member of the Junior Chamber of Commerce, Mr. Horsley is a graduate of Georgia Military College.

Funds derived during the April Crusade will be used to carry on the work of the American Cancer Society, the main objective being to conquer cancer through preventive measures. This is done by supporting a research program in the endeavor to learn the cause of and cure for cancer, and by carrying on an educational program by means of which it has been estimated that more than 1000 lives can be saved in Florida annually.

The Society gives support to 11 cancer clinics in Florida, and volunteers of the organization take part in a service program to aid cancer victims.

Stevens - Brown

Mr. and Mrs. W. A. Stevens, Sr. of Pahokee announce the marriage of their daughter, Miss Nancy Stevens, to Leonard Cason Brown, III, son of Mr. and Mrs. Leonard Cason Brown, II, of Bainbridge, Ga. The wedding took place Wednesday, Jan. 10, at the Baptist Church in Tallahassee, Fla., with the pastor of the church officiating.

The bride is a graduate of Pahokee High School and Florida State University, Tallahassee. She is now working on her master's degree at FSU while teaching English part time at the university.

Mr. Brown is a graduate of the University of Georgia and is working on a master's degree in psychology at Florida State University at the present time.

"So Very Young" Is Senior Class Play

The Pahokee High School Senior Class has chosen for its annual play presentation, "So Very Young," written by Dana Thomas and published by the Stagedoor Play Co., of Pasadena, Calif. Mrs. Herbert Miller, director, is giving tryouts for parts this week. The date for presentation will be announced later.

"So Very Young" is a sweet, wholesome three-act comedy dramatizing youthful and tender love. The play will appeal not only to those who are young but also to those no longer young. It has a theme that will arouse in parents in the audience, for a fleeting hour at least, a feeling of closer kinship and a new respect for their unpredictable teenagers.

Woman's Society Hears Rev. Earl Jones

Rev. Earl J. Jones, pastor of the Canal Point Methodist Church, was guest speaker at the February meeting of the Pahokee First Methodist Woman's Society of Christian Service held at the church Monday night, with Mrs. Ruth V. Meredith, president, presiding. Introduced by Mrs. C. A. Canipe, program chairman, the speaker gave a talk on "Giving to Home and Foreign Missions," which was followed by a round-table discussion of the topic.

Mrs. Canipe announced Mrs. J. T. Boynton will be in charge of the program on "American Indians" which will be presented at the March meeting to be held at the church on Mar. 5 at 3:30 p. m.

Mrs. John A. Dulany, spiritual life chairman, urged all WSCS members to attend the World Day of Prayer observance program in the high school auditorium this Friday morning.

Mrs. Carmen Salvatore, Jr., announced the annual WSCS district meeting will be held at the Vero Beach Methodist Church on March 12.

Mrs. Dulany led the group in prayer and Mrs. M. I. Keen was in charge of the devotionals.

Publicity Group Will Meet March 16

WINTER HAVEN—Plans of the Florida Publicity and Public Relations Association for the spring meeting at Winter Haven are being arranged. Allen Skaggs, Jr., along with his jobs as second vice-president and chairman of the North Florida Membership Committee, has taken over the job of chairman of the Program Committee for that meeting.

By strange coincidence, President Bob Eastman scheduled it for St. Patrick's Day weekend. There is a rumor that McDonald of Florida Power & Light and "Pat" Flanagan of Florida Power Corporation constituted a pressure group to assure this particular date, but actually it was Eastman himself who really set the date.

The tentative program follows: Friday, March 16, the Executive Board will hold a business session at supper. In every instance the Haven Hotel will be headquarters for the meeting.

Saturday, March 17, Travis Phillips will enlarge on his excellent article on the State Advertising Commission's appropriation which appeared in last month's Florida Newspaper News and Radio Digest.

Saturday noon luncheon will be at the Haven Hotel, and will feature a talk by Capt. J. J. Reardon, State Marine recruiting officer, entitled "Cancer and Communism." Saturday afternoon there will be a four-power panel discussion of the four main phases of activity represented by FPRA, advertising, publicity, promotion and public relations. Speakers for this panel have not yet been chosen.

Later Saturday afternoon there will be a cocktail party at Dick Pope's home followed by a banquet at Cypress Gardens. Featured speaker at the banquet will be Royce Powell of the Savings Bond

Citrus Exposition To Attract Large Crowds This Year

WINTER HAVEN—With a record-breaking prize list, including clothing, jewelry, luggage, cosmetics and other such items worth more than \$5,000, in addition to a weekend in Miami Beach and two weeks in New York, with all expenses paid, Winter Haven is attracting large numbers of entries in the 1951 Florida Citrus Exposition Queen contest.

Gerald Hamor, Jr., chairman of the Jaycees committee in charge of the competition, said that entry blanks have been sent to civic, fraternal, veterans and business organizations all over the state and he anticipated "more entries than any other such contest ever held in Florida."

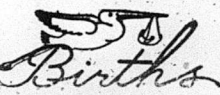

Pointing out that contestants must have passed their 17th but not their 25th birthday, Hamor said that the competition is "wide open for any girl who would like to try for the honor of being queen of the citrus industry for a year."

While the queen contest was shaping up as one of the biggest attractions for the 1951 Exposition, opening Monday, February 12, special committees were busy getting plans to gather for the "Fresh Fruit Day" observance on Thursday, February 15. Every citrus man in the state has been invited to attend the show and to see the hundreds of entries in the annual commercial pack competition and to witness a full-dress citrus auction sale.

Charles W. Irrgang, Sr., of Kilbarney, president of the Fruit Auction Sales Company, of Chicago, is general chairman of the "Fresh Fruit Day" program with Frank L. Holland of Winter Haven, chairman of the contest committee, and Fred W. Davis of Lake Wales heading up the auction committee.

The Florida Citrus Commission is cooperating with Exposition officials in staging the events designed to show the public the progress of the citrus industry from the time the first seeds were brought to this nation by the Spaniards right up to the present time.

The opening day parade will start Monday, February 12, at 9:30 A. M., and its arrival at the Exposition gates will be the signal for the opening of the show. Several dozen floats, six or seven high school bands, military units and other segments will make up the line for the parade which is in charge of Charles Race.

Mr. and Mrs. James R. Cherry of Belle Glade announce the birth of a daughter, Ruby Ann, at the Everglades Memorial Hospital, Feb. 3.

Mr. and Mrs. Louis Hayes of Canal Point announce the birth of a son, Kenneth Edward, at the Everglades Memorial Hospital, Feb. 5.

Mr. and Mrs. Willis Hoyle of Canal Point announce the birth of a daughter at the Everglades Memorial Hospital, Feb. 6.

Rev. and Mrs. Ralph W. Toft were guests of Dr. and Mrs. Wendell Whetstone in Miami Monday and Tuesday.

Division of the Treasury Department. "Red" will tell how EPPRA and its members can fit into the Treasury Department's program for the months ahead. His talk, incidentally, will be preceded by a Defense Department film, "Power for Peace."

There will be a business meeting Sunday morning followed by luncheon at Cypress Gardens and a water ski show at one o'clock. The spring meeting will adjourn at 1:30 p. m.

County Exposition Scheduled Feb. 16

Grumpy and Dopey, lead members of the famous Curtiss Candy Company's six pony hitch, are ready to shed their winter woollens at the Curtiss Farms and head for Florida to bask in the warm sunshine between performances at the Palm Beach County Exposition, February 16-25. The six prancing beauties will be dressed in their beautiful silver-trimmed, patent leather harness, and pulling a gleaming chrome-trimmed express wagon. The ponies ranging in size from 42 to 47 inches are named after Walt Disney's seven dwarfs—the seventh is a spare.

Highly enthused over the response of local manufacturers, representatives of building trades, commercial concerns and services who will participate in the most complete and diversified showing of county products ever assembled.

NOTICE OF ANNUAL MEETING OF LANDOWNERS OF PAHOKEE DRAINAGE DISTRICT

Notice is hereby given that, pursuant to call of the Board of Supervisors of Pahokee Drainage District, the annual meeting of the landowners of Pahokee Drainage District for the year 1951 will be held at the office of said District in the Post Office Building at Canal Point, Palm Beach County, Florida, on Tuesday, February 27, 1951 at 10:00 o'clock in the forenoon for the purposes of:

1. Electing a Supervisor for a term of three years;
2. Receiving annual reports and taking such action with respect thereto as the landowners may determine; and
3. Transacting such other business as may come before the meeting.

officials predicted 50,000 persons would pass through the gates this year.

County exhibitors will occupy 150 booths in the five buildings and outside areas to produce Palm Beach County Industry on Parade. Work has commenced to build exhibits, which in many cases run into thousands of dollars in their preparation. Buildings are being readied and decorated for the test day show that opens with a grand preview from 7 p. m. to 11 p. m., February 16 and remains open from 2 p. m. to 10 p. m. daily and Sundays through February 25.

The Trade Mart, Industrial Building and Annex include every phase of the latest Florida home construction, and furnishing of rattan, wood and bamboo furniture, patios, nursery exhibits, business machines, plastic and ceramics, a glass blowing exhibit and a feature display by the State Forestry Division.

An entire division will be devoted to electrical equipment, featuring an electric cooking school daily at 3 p. m. under the auspices of the Florida Power and Light Company and the Electrical Dealers Association of the Palm Beaches with Mrs. Lottie Pierce, home economist, in charge.

The Everglades Building will house a diversified display of Glades products from sugar cane to honey, with a small showing of livestock adjacent to the entrance.

NOTICE TO CONTRACTORS OFFICE OF THE STATE ROAD DEPARTMENT

Tallahassee, Florida
January 30, 1951

CONSTRUCTION PROGRAM.
Sealed bids will be received at Tallahassee, Florida, from Qualified Contractors until 10:30 A. M. (2 P. M.) on the 15th day of February, 1951, for the construction of the following projects: State Project, Jobs Nos. 5991-109 and 5991-110, Road 5, Palm Beach and Martin Counties between Jupiter and Hobe Sound. Work to consist of grading and paving. A certified check in the amount of \$10,000.00 will be required.

For each proposal a certified check in the amount stated above, made payable to the Chairman of the State Road Department, with the necessary State's Documentary Stamps attached, must accompany each bid. All certified checks shall be certified within 60 days of the date for receiving bids. Cashier's checks will not be accepted. Ten checks of the two lowest bidders will be deposited.

All work to be done in accordance with Plans, Specifications and Special Provisions of the State Road Department. Special attention is called to Special Provisions which will be furnished with each proposal.

Proposals will be furnished to Qualified Contractors, upon application to this office FOR THE SUM OF \$5 EACH. Plans may be purchased from this office for the sum of \$5 for each set. No proposals will be issued unless requests for them are received by this office at least 24 hours prior to the time of opening bids.

All bids must show totals for each item and total amount of bid inserted on the cover of the proposal. The right is reserved to reject any or all bids.

NOTICE OF PROBATE
TO ALL PERSONS INTERESTED IN THE ESTATE OF SAID DECEDENT.

You are hereby notified that a written instrument purporting to be the last will and testament of said decedent has been admitted to probate in this court. You are hereby commanded within six calendar months from the date of the first publication of this notice to appear in this court and show cause, if any you can, why the action of this court in admitting said will to probate should not stand unrevoked.

RICHARD F. ROBBINS
County Judge.
Pub. Jan. 26, Feb. 2, 9, 16, 1951.

Here also will be shown the diorama of the Central and South Florida Flood Control District depicting their progress.

In addition to the seven-dwarf pony hitch, top billing sensational free acts will be presented nightly. Several new rides including a miniature locomotive train will be added to the usual attractions in the amusement area, with several animal shows and diversions for children. Arrangements are being made with the Florida Cities Bus Co., to provide a shuttle bus transportation to the Exposition entrance with terminal at Southern Boulevard at Dixie.

A flood-lighted free parking area to accommodate 3,000 cars is provided, with entrance from Belvedere Road or Southern Boulevard. Here three foot neon will light the promenade and amusement area.

The Exposition is a non-profit organization co-sponsored by the West Palm Beach Chamber of Commerce and the Resources Development Board to promote in

dustry and agriculture of the county. R. D. Hill and Elmer Hedrick are co-chairmen for the sponsors.

UMPIRE SCHOOL

DAYTONA BEACH—The first five-week course of the Bill McGowan School for Umpires is now under way here, and the second will start Feb. 20 and runs through March 26. Three former students of the school are now in the majors.

The school uses ten professional

umpires as instructors and is approved under the GI Bill. Last season 102 men were placed in the minor leagues. Fourteen former students are working in AAA leagues, one step below the majors. This is the 11th year for the school. McGowan worked his eighth World Series last fall. He has completed 26 years in the American League. The school was formerly held at Cocoa.

Imagine your telephone system growing as much in the past five years as in all its previous history! In some respects it beat that—telephones more than doubled, long distance circuits nearly doubled, rural telephones nearly tripled.

In the last five years Southern Bell has built more than \$17,176,000 worth of new facilities to improve and expand telephone service in this fast-growing section. To keep up with continued growth, rapid construction will have to continue for years to come.

This will take a lot of new capital. The money paid by our customers goes to pay wages, upkeep, taxes and other costs of operation and not to pay for new plant. The money for new plant is secured through the sale of our stocks and bonds to people who have money to invest and who can be persuaded to put it in our business rather than in some other business.

That makes it important to this area and to the state to have a financially healthy telephone company—one capable of paying its costs of operation and earning enough to make it worthwhile for people to invest their savings in the telephone business.

E. F. REDDY, District Manager

THE RECORD IN THIS AREA

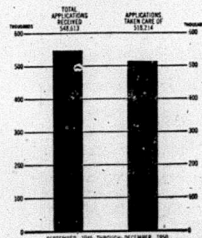

- 68,197 applications for telephones received—62,382 taken care of.
- 15 new buildings or building additions completed.
- Long distance circuits nearly doubled—time for completing the average Long Distance connection reduced to about 2 minutes.

Arbor Day Fete Canal Point School

An appropriate program and tree planting was sponsored by the fifth grade at Canal Point school on January 30 with the entire school assisting.

The program began with a flag salute, followed by Bible references about trees read by the fifth grade and a beautiful prayer by Rev. C. J. Smyly. A sketch of Joyce Kilmer's life was given by McKinley Ridenour and a choral reading of Kilmer's poem "Trees" was rendered by the fifth grade, after which everyone joined in singing "The Tree in the Wood."

Mrs. Baird reviewed the history of Arbor Day in the United States and Florida. This was followed by Gene Haggins reading of the fitting verse about "Out Shadow Selves" from the February P. T. A. magazine. Judy Cowart of the seventh grade gave a vocal solo which was enjoyed by everyone.

The entire school joined in the song "De Woods of Pine" and everyone present followed Principal Williams to the playground. The tree, a Milaleuca Leucadendron (Cajuput) was carried by Linda Livingston, the youngest child in the school; and the other tree, Callistris Robusta (Cypress Pine) was held by Roselle Dixon, the oldest child in the school. With appropriate ceremonies the trees were planted while pictures were taken.

The school wishes to thank the Florida Forestry Service for its wonderful co-operation in furnishing these Australian imported trees.

PALM BEACH POULTRY JUDGING TEAMS TRAIN

WEST PALM BEACH — The Palm Beach County 4-H club boys and girls have already begun poultry and egg judging training in preparation for the club contest scheduled to be held in Orlando in March. Mrs. Mildred J. Michaud, assistant home demonstration agent, said today.

The 4-H club girls who plan to participate in the contest are Elzora Christian of Greenacres City and Martha Green of Lake Park.

Cypress Gardens Gets Big Play In National Magazine

WINTER HAVEN—Florida citrus gets a national plug on the February cover of Country Gentleman magazine, with one of Dick Pope's famed photographs being used. The description praises the fine photography as exemplified by Dick Pope at Cypress Gardens and is a beautiful collection of oranges and orange leaves. Praise is also given to the famous tourist mecca.

The magazine comments on the tribute paid by former Governor Millard Caldwell when he presented a plaque to Mr. and Mrs. Pope for their services to Florida.

Legion Uses New Home For 1st Time

Members of Fred and Percy Mansfield Post 90 held the first meeting in their new Legion Home on Canal Point Road Monday night with Commander Carmen Salvatore, Jr., presiding. They voted to support the movement for mail carrier service in Pahokee.

Plans for the Pahokee Fair and Carnival which Post 90 will sponsor this spring were discussed at the meeting. It was decided to hold the fair on the Legion grounds. It was reported several loads of muck are being hauled in to raise the level of the grounds.

Commander Salvatore instructed the committee on exhibits to start preliminary plans for getting the exhibits ready for the fair. On the fair committee in charge of general arrangements are Howard Holman, chairman, Perry Duke and Paul Tillery.

At the close of the business session Legionnaires present spent the remainder of the evening working on the interior of the building. Refreshments of coffee and doughnuts were served.

Mrs. H. D. Fields, Sr., and her daughter, Miss Joyce Fields, attended the State Fair and visited Mr. and Mrs. J. F. Fields in Tampa over the weekend.

Miss Winifred Clowe spent the weekend in Gainesville where she visited friends and attended graduation exercises at the University of Florida.

Announcing...

New DODGE "Job-Rated" Trucks

The trucks that do
the most for you!

More powerful than ever! Dodge now offers you the most powerful "Job-Rated" trucks in Dodge history!

Eight engines—94 to 154 horsepower—with power increases as high as 20%!

You get the right power for your job... in the finest performing trucks that ever carried the Dodge name! Yet these new Dodge "Job-Rated" Trucks are priced with the lowest!

NEW! Smarter styling! New beauty combined with massive, rugged appearance. New hood line for better road visibility. Roomy new cab interiors in contrasting colors—new comfort with redesigned seats.

NEW! Easier handling! Shorter turning diameters than ever before—for even greater maneuverability! More convenient steering wheel angle for greater driving comfort. New worm-and-roller steering gears for easier steering—plus all the ease-of-handling features that made Dodge "The Choice of Champions" in the 1950 National Truck Road!

NEW! Extra-quiet brakes! Another Dodge engineering first! New, molded, tapered Cyclebond brake linings contact brake drums with smoother, more even action—practically eliminating brake squeal. Less tendency of brakes to "grab"—and lining life is greatly extended. Standard on trucks 1½-ton and up, except for air brake models.

More than 50 brand-new features including...

NEW! SMOOTHER RIDE with new "Orislow" shock absorbers; standard on ½-, ¾-, and 1-ton models.

NEW! EASIER LOADING with lower ground-to-floor height on all models through 2 tons.

NEW! EASIER BAD-WEATHER STARTING with new moisture-proof ignition and high-torque starting motor.

NEW! MORE ECONOMICAL PERFORMANCE with higher compression ratio—on all models through 1 ton.

NEW! EASIER-TO-READ INSTRUMENTS—now grouped in a cluster placed in front of the driver.

NEW! TWIN CARBURETION AND EXHAUST SYSTEM for greater power with economy—available on all high-tonnage models.

NEW! SMOOTHER ENGINE IDLING with "hotter" spark plugs; on all models through 1 ton.

A model to fit your job!

ANOTHER DODGE EXCLUSIVE! gyrol Fluid Drive now available on ½-, ¾-, and 1-ton models.

Come in to see the new **DODGE "Job-Rated" TRUCKS** on display Saturday, February 10

SCHEDULE FOR LENT:
 Holy Eucharist with Sermon—Sunday, 11 a. m.

Weekday Eucharists—Daily, preceded by Morning Prayer, 9 a. m. (Wed. in Clewiston).

Prayer Book Holy Days during Feb.—Ash Wednesday, Eucharist and Imposition of Ashes, 8 a. m.; Ember Days, 14th, 16th, and 17th.

Lenten Devotions—Liturgy and Penitential Psalms, Fri., 8 p. m.

A special Lenten schedule to be observed at the Church of the Holy Nativity (Episcopal), Pahokee, has been announced by the Rev'd Ronald Lane Latimer, Vicar.

Sunday services, at 11 a. m., will consist of the celebration of the Holy Eucharist, with sermon.

During Lent weekday Eucharists will be offered daily, preceded by Morning Prayer at 9 a. m. (except Wed., celebrated at St. Martin's, Clewiston).

Public recitation of the Litany and Penitential Psalms will comprise Lenten devotions each Friday at 8 p. m.

Ember Days will be marked on Feb. 14, 16, and 17; Feast of St. Matthias, Apostle, Feb. 24.

Christian Science Society

CHURCH OF CHRIST, SCIENTIST

True spirituality which constantly emanates from God, and which marked the life of Christ Jesus, can transform mankind's daily experiences. This truth is developed in all Christian Science services next Sunday when the subject of

the Lesson-Sermon is "SPIRIT".

This verse from Ezekiel (39: 29) supplies the Golden Text: "I have poured out my spirit upon the house of Israel, saith the Lord God."

Bible readings from the King James Version include the account of Peter's recognition of the Christ as the healing power in Jesus' work: "Thou art the Christ, the Son of the living God," and Jesus' reply, "And I say also unto thee, That thou art Peter, and upon this rock I will build my church" (Matt. 16:16, 17).

Passages from "Science and Health with Key to the Scriptures" by Mary Baker Eddy include: "It was now evident to Peter that divine Life, Truth, and Love, and not a human personality, was the healer of the sick and a rock, a firm foundation in the realm of harmony" (p. 138).

Vespereen Choir Is Entertained

Members of the Vespereen Choir of the First Methodist Church were entertained at a party given by the sponsoring Vespereen Club in the social hall of the church Sunday night following the evening worship hour.

The individual Vespereens revealed their identity to the Vesperees they have been secretly sponsoring for the past three months. Awards were presented to Thelma Vann, Evelyn Vann, Bobby Howell and Donald Pickett, members of the choir with records of perfect attendance through the quarter. Bobby Schroder received a gift for being absent one time only and Rita Faye Hurt received a gift in appreciation of her work as organist.

Invited guests of honor were former choir members, Miss Stella

Lou Todd, Miss Tula Makos, Glen Boland and David Ramey.

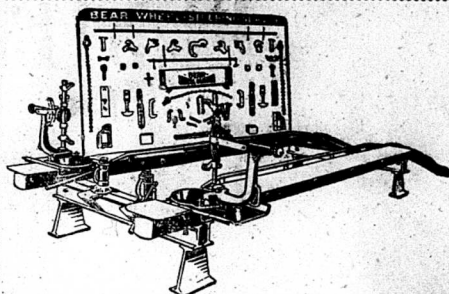

The Valentine motif was used in decorations for the hall and refreshments of homemade cake, ice cream, coffee and hot chocolate were served to approximately 90 persons, including all members of the 35-voice choir except three. The Vespereen committee in charge of arrangements included Mrs. Robert Walker, chairman, Mrs. George Ramey, Mrs. Frank Rozelle and Mrs. J. D. Rogers.

Mr. and Mrs. R. D. Hardaway and son, Richard, of Arkansas are guests of his brother-in-law and sister, Mr. and Mrs. L. O. Snyder, in Pahokee.

NEW COKE BUILDING

TAMPA—Looking to the future with confidence, the Tampa Coca-Cola Bottling Company completed the purchase of a \$60,000 tract in the heart of Tampa's industrial area and announced long range plans for the erection of a modern new plant that will provide facilities unequalled in the entire South.

America's millionth death by auto accident will probably occur this year. The Association of Casualty and Surety Companies reports that 964,000 people have lost their lives as a result of auto accidents since 1900.

Come to Church

The churches of the Everglades extend a warm welcome to every person to attend church on Sunday. You'll get a deep satisfaction out of attending the church of your choice. You'll personally enjoy the wonderful messages of faith which are in store for you during this good year ahead. Today, make a resolution that one hour out of the week's 168 will be devoted to church services. Can you do less? Watch the columns of The Everglades News for church announcements weekly. The Lake Region is blessed with a group of fine churches. Your attendance will make the work of these churches more successful.

Churches Of The Glades

(This message sponsored and space made available by Paul Rardin).

WE ARE IN STEP WITH THE TIMES

It is no small task to record each week the happenings of any community. We here at The Everglades News are happy that our assignments bring us face to face with hundreds of folks of our community each week. We strive to **KEEP IN STEP** with what is going on here in this vast agricultural area on the eastern shore of Lake Okeechobee. It gives us a great deal of pleasure to record for you weekly (and for posterity) the happenings of a growing section of Florida. Future generations will thrill when they read of the pioneering efforts of you and your loved ones in establishing a great agricultural empire.

KEEPING IN STEP with the times means that we must be on our toes day in and day out—making an earnest effort to record those things which are interesting, historical, progressive and at times amusing. All such happenings go toward making up a worthwhile and happy community where living is just a mite better than in thousands of other places in America—where your neighbor's smile is just a mite friendlier than is witnessed elsewhere in this great land of ours.

=====

Here In Our Newspaper
Office We've Spent

25 Years Doing One Thing Well

Each week for more than a quarter of a century this Newspaper has reached its readers each Friday morning with full and complete news coverage of the Lake Okeechobee Farm Area. Bringing out The Everglades News each week—on schedule—has grown to be a habit with those of us who produce it. Not once during the 25 years of its existence has this newspaper missed a publication day. Through floods, hurricanes and other adverse antics of nature we have managed to make the deadline. It has been no small accomplishment.

Paul Rardin, Owner- Publisher

Canal Point, Fla.

Personal

Claude Jones, former Pahokee resident, graduated from the Law School at the University of Miami this week. He and Mrs. Jones and their two small sons are visiting his sister, Mrs. Uecba Caruthers, and family in Pahokee this weekend.

Jack Waldschlager, formerly of New Orleans, La., who has been in Japan and Okinawa for the past three months, contacted his parents by telephone last week from San Francisco, Calif., where his ship was docked for a few days before returning to the Far East.

Mr. and Mrs. Bill Shirley of Gainesville are visiting their parents, Mr. and Mrs. J. H. Wilkinson, Sr., and Mr. and Mrs. C. L. Shirley, in Pahokee this week through the midterm vacation at the University of Florida.

Mr. and Mrs. George O. Schroder, winter residents here for the past several years, left Wednesday for their home in Narberth, Pa. where Mr. Schroder, who is ill, will receive medical treatment.

Mr. and Mrs. Inman W. Weeks spent Wednesday afternoon and Thursday in Tampa where they attended the State Fair and Mr. Weeks attended the annual banquet of the Florida Herford Association at Rubins Wednesday evening.

Mr. and Mrs. J. H. Wilkinson, Sr., had as guests over the weekend his brother and sister-in-law, Mr. and Mrs. Jack Wilkinson, of Claxton, Ga.

Mr. and Mrs. Frank Anderson were visitors in Miami over the weekend.

Mrs. Lamar Brown and son have returned home after a week's visit with her parents in Ocala.

Mrs. Lon Wilson and daughter, Linda, are visiting Mrs. Wilson's father and other relatives in Georgia. They expect to be away 10 days.

Miss Gloria Henderson, student at Florida State University, has as a house guest through the midterm vacation her roommate at FSU, Miss Gay Hamrick of Tallahassee.

Mr. and Mrs. J. C. Mock had as guests the past week his brother, John D. Mock, and sister, Mrs. John L. Tabb, of Colquitt, Ga.

Members of the Mattie Chastain Sunday school class at a meeting at the home of Mrs. James T. Holden Tuesday night honored their class namesake and teacher, Mrs. Chastain, with a surprise birthday party. Many lovely gifts were received by the honoree. Refreshments of cherry tart and coffee were served by the hostess.

A study of "Stewardship With Christ" was led by Mrs. Stanton Chastain at a meeting of the Lucy Jones Circle, First Baptist WMU, at a meeting at the home of Mrs. L. Baxter Monday. Mrs. W. H. Rogers, chairman, was in charge of the business session.

Mr. and Mrs. W. S. Hundley or

Kingman, Kans., arrived in Pahokee Monday for a visit with their son and daughter-in-law, Mr. and Mrs. Lloyd Hundley and family.

Frank Rice and his nephew, Edwin Rice, left on Thursday of this week for Asheville, N. C., where they will attend the wedding of the former's granddaughter, Miss Sarah Shope, which is scheduled to take place in that city on Saturday. They plan to return Sunday.

Mrs. L. G. Alderman motored to Sarasota the past week and was accompanied there by Mrs. Laura Ferguson who had visited here for several days.

Mrs. J. L. Butler arrived this week from Jacksonville for a visit here with her mother, Mrs. G. M. Grimes, and her brother-in-law and sister, Mr. and Mrs. W. A. Stevens, Sr.

Mrs. H. J. Anderson is ill at her home on Bacom Point Road this week.

Mr. and Mrs. Frank Tillis visited his uncle and aunt, Mr. and Mrs. H. L. Jaudon, in Waukegan, over the weekend.

George Lorenzo Connell, Pahokee High School graduate and son of Mr. and Mrs. G. C. Connell, received his BSA degree from the University of Florida at the midterm graduation exercises held in Gainesville Saturday.

Mrs. Carmen Salvatore, Jr., spent the weekend in Fort Myers visiting her parents, Mr. and Mrs. A. E. Herron.

Mrs. Joel Brown entertained at her home Wednesday afternoon with a party for her daughter, Jo Ellen, who was celebrating her third birthday anniversary.

Florida Motor Lines and the Atlantic Coast Line Railroad are providing special service to Tampa for the Florida State Fair and Gasparilla Carnival. Contact your local station agent for information as to schedules and programs.

"Colorful Promise In Heaven," WSCS Topic

Mrs. A. R. Harrington presented a program, "Colorful Promise in Heaven," at a meeting of the Canal Point Methodist Woman's Society of Christian Service at the home of Mrs. Earl J. Jones Tuesday afternoon. Others taking part were Mrs. D. R. Hall, Mrs. J. P.

Parker and Mrs. Earl Maxson.

Mrs. W. K. Buchanan, president, named Mrs. Boyd Vorhees, Mrs. C. L. Stuart and Mrs. L. C. Livingston on a committee to nominate new officers for the coming year.

The group made plans for an all-day book study on Feb. 13, with a covered-dish luncheon at noon.

Mrs. Boyd Vorhees was in charge of the devotionals. Refreshments were served by the hostess to 17.

Long-term Investment that pays daily dividends

THESE days thoughtful people turn their minds to the durability of things they purchase.

But it's rare when doing your duty turns out to be the best way to satisfy your heart's desire.

That's what's so marvelous about this '51 Buick.

If you picked a car just for the lift it gives you—your pride in its power—or its generous comfort—you couldn't make a better choice.

But make note of this:

That gleaming new push-bar forefront, which greets your eye with flashing beauty, contains 25 grille bars made of stamped steel, individually mounted to "give" and come back unharmed. Combined with a massive, wrap-around bumper, fortified by two stalwart "bumper bombs" and two added uprights, it gives unsurpassed protection.

Springs of stout spiraled steel on all four wheels let your wheels curtsey over bumps, while you ride level as a lance. But they also need no servicing, and breakage is virtually unknown.

Buick's great-powered engine is a Fireball, wondrously lively and eager at the mere touch of your toe—but it also wrings extra power from every drop of fuel, and has the mechanical perfection

that comes only from years of experience with this basic design.

Dynaflow Drive gives you effortless smoothness of control—but it also eliminates clutch repair bills, saves tires, eases strain on the whole driving mechanism, from engine to differential.

The road-steady gait of a Buick assures relaxed security—and is also evidence that you have a durable, deep-silled, X-braced frame beneath you. However you check it, you'll discover this: *The things that make you yearn for a Buick on first acquaintance, are the very same things that make Buick such a smart long-time buy.*

Better see your Buick dealer—soon.

Standard equipment, accessories and trim illustrated are subject to change without notice.

No other car provides all this:

DYNAFLOW DRIVE* • FIREBALL POWER
4-WHEEL COIL SPRING • DUAL VENTILATION
PUSH-BAR FOREFRONT • TORQUE-TUBE DRIVE
WHITE-GLOW INSTRUMENTS • DREAMLINE STYLING
BODY BY FISHER

*Standard on Roadmaster, optional at extra cost on other Series
